Epic Link:	OpenCart - Store front				

Description

The OpenCart default product page will follow the structural format seen below.

The product page can be divided into the following sections:

- **Product image:** The product image can be displayed under the title on the left-side, along with alternate images. Clicking on the image will expand the image within the window for the customer to see it in greater detail.
- **Product details:** The product code, availability, and price are displayed just right to the product image.
- **Cart:** The customer can select a quantity and add the product to their cart, wishlist, or compare.
- **Rating/Sharing:** Underneath the cart can rate the product and/or share the product on different social media.
- **Description tab:** An area underneath the main product information to provide a detailed description of the product.
- **Review tab:** An area for the customer to write a review on the product.

Epic Link:	OpenCart - Store front				

Description

The slideshow displays several product banners by alternating the images in a slideshow. After a certain amount of time, one banner will shift to the the next banner.

Banners in this slideshow are useful for highlighting certain products to be easily accessible by the customer.

When the banner is clicked on, the customer will be directed to the product on the banner's page.

The slideshow can only be viewed on the home page.

Description

The top menu category only displays the top parent categories of products, like in the imagine bellow.

© 2016 Amazon.com, Inc. or its affiliates. All rights reserved. Amazon, the Amazon logo, Amazon Prime, the Amazon Prime logo, and the Amazon Prime logo are trademarks of Amazon.com, Inc. or its affiliates. All other trademarks are the property of their respective owners.

Like the header, the top menu will be displayed on every page.

When the customer's mouse is dragged over a category, a drop down menu will display the sub-categories for that category.

When a parent category is clicked, the customer will be directed to the category page, which displays all the products in that category.

Description

A new employee is added to the system here. To add an employee, go to PIM>>Add Employee and the screen as shown below will appear

The maximum size of the image is 1 MB. The maximum number of images is 1. The maximum number of images is 1. The maximum number of images is 1.

Here will be completed all the relevant fields and also can be added a picture of the employee. To add a picture, click on “Choose File” and select the picture from the relevant path and click “Open”. Employee code is generated automatically, but can be changed if required.

Also a user login for the employee can be created through this screen.

*Note: The maximum file size of the picture cannot exceed 1 megabyte.

Click “Save” once completed.
